

DISCS & POINTS

the real thing...

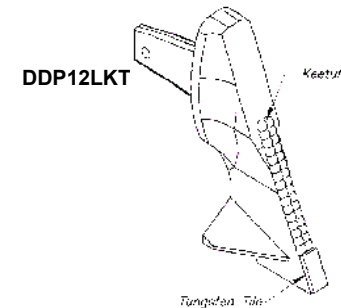

CAST & DIRECT DRILL

Issue Date 1st July 2007 - replaces all previous updates

The Keech Agriculture Direct Drill Range can easily be adapted to most tyned tillage machines. Simply select the appropriate Keech adapter to suit the type of the implement. It is important to note the fitting instructions when setting up the tyne; this will ensure optimal performance. Once the adapter is correctly fitted, select the Keech Direct Drill Point to best suit your tillage application. Points are kept securely in place with a high tensile R Clip.

KEECH Direct Drill Points

PART NUMBER	RETAIL PRICE	WIDTH mm	APPLICATIONS
ARDMCA1	\$54.78	10mm	Exclusive to McCoy. Armin Point to fit Keech adapter. Designed to work as a conventional knife point and to then close the
ARDMCA2	\$54.78	10mm	slot to form a seed bed - prior to seed delivery. This results in controlled depth seeding - critical for successful crop germination and emergence
DDP10BT	\$52.85	10mm	NEW Rock Hopper Point Minimises Soil throw - rides over rocks does not lift them up and out.
